

2016-2017 Adult Education Grant Continuation

Appendix F – State and Regional Performance Targets PY16

Enrollment and Transition 5 year goals were set in 2015. These goals, along with additional measures below will support transitions to WIOA Common Measures. The performance targets below for PY16 are based on the incremental growth set for each measure over the 5-year period (PY2015 – PY2019). All targets are in reference to Program Year (PY16) enrollments. Each AE provider in the consortium must complete a Form 6, identifying their PY16 goals for each measure below. AE providers should work within their consortia, examining past performance and the regional targets below when setting their Form 6 goals.
